SOLUTIONS

LEXZUR Add-on Modules

Central, Self-Serve, Requests Portal used to funnel requests across various departments.

Allows both sides to keep track and follow up on pending requests, supports automation of updates, notifications, reminders, and more.

Contract Lifecycle & Doc. Automation

DOCUMENT DATABASE Search all contracts in the database for keywords and tags, or by using Contra's universal search engine.	AUTOMATE CONTRACTS Create your contracts from your own templates in different languages by automating fields.	MINIMIZE ERRORS Utilize fixed contract renewals, automated reminders, contract history and more to reduce manual errors
APPROVAL CENTRES Set a defined approval center with roles and permissions to define who can grant approvals	NEGOTIATE & REDLINE Contra allows users to edit and collaborate on contracts in real-time.	DIGITIZE SIGNATURES Contra is integrated with DocuSign, the primary solution for authentic Electronic Signatures.

Contract Lifecycle Management Solution

Generate & Automate Repetitive Contracts

Contra is comprehensive contract management solution that allows you to draft contracts from scratch or use configurable templates that auto-populate your contract in seconds.

- Auto-generate contracts from questionnaires
- Import and save premade document templates
- Drag and drop pre-saved clauses directly into your document
- Configure every aspect of the workflow
