# PRACTICE

## AI-Powered Legal Management Software with Workflow & Task Automation

Everything legal teams need to manage cases, clients, matters, tasks, and documents—streamlined for efficiency, compliance, and smarter decision-making.

# PRACTICE

LEXZUR

AI-Powered Legal Practice Management Solution

## CASE & MATTER MANAGEMENT

Add stakeholders, assign tasks, set deadlines, and rely on AI to surface key issues, analyze arguments, and assess case strength — with full lifecycle tracking, status updates, and collaborator assignment.

## CLIENT INTAKE & MATTER INITIATION

Enable seamless & efficient communication between internal business units & internal stakeholders. Leverage AI for translation, executive summarization, OCR scanning, and DocuCompare for document comparison and analysis.

## DASHBOARDS & CUSTOM METRICS

Generate reports, KPIs, and custom metrics on a unified dashboard — with filters for compliance, custom reports, and export to Excel or PDF.

## TASK & WORKFLOW AUTOMATION

Configure every aspect of the software to streamline workflows, automate repetitive tasks, and track activity per matter.

## CENTRAL SECURE REPOSITORY

Unlimited data storage, high-level security, predefined folder structures per matter, and a searchable interface with document linking.

## LEGAL BILLING & E-INVOICING

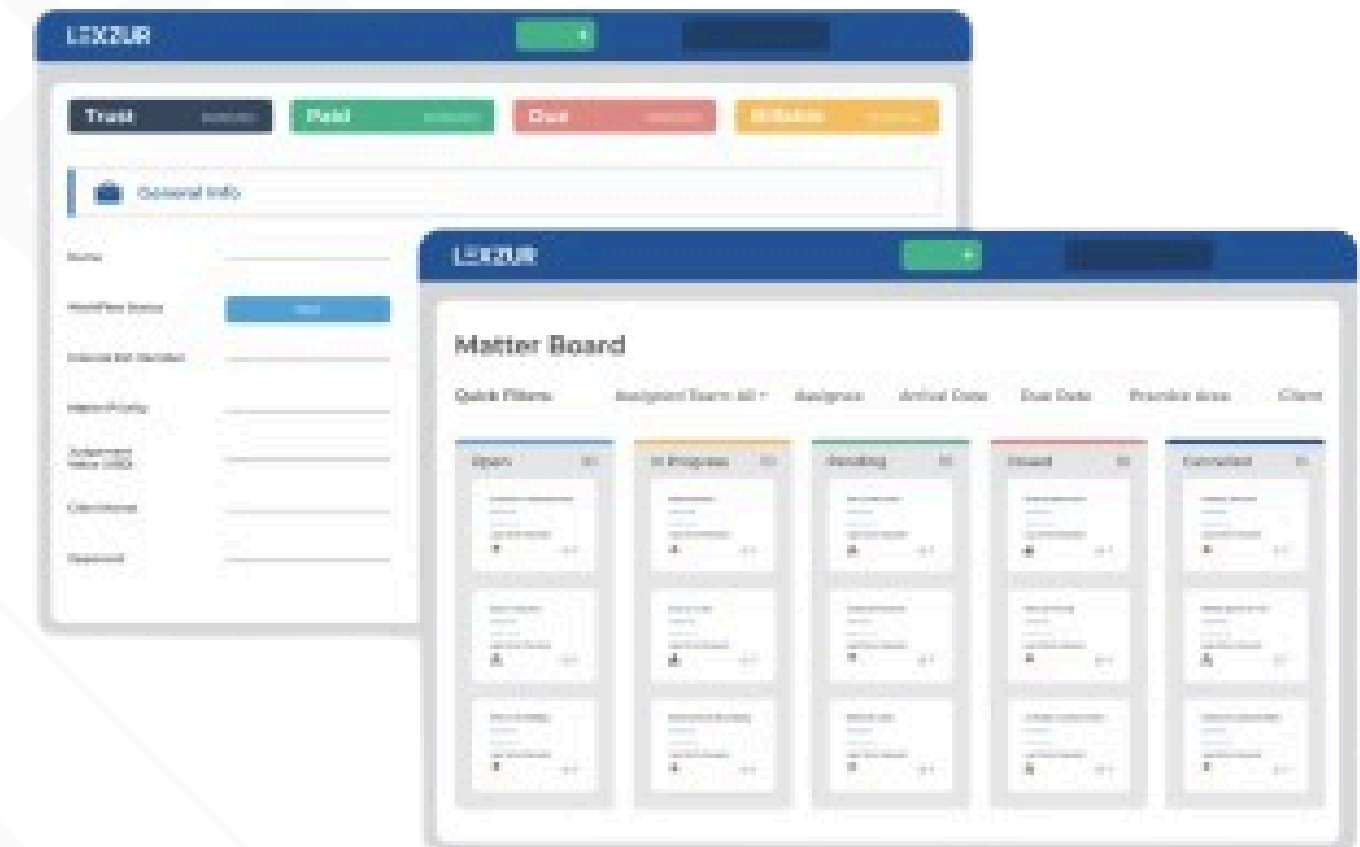

Track time and manage all transactions, create time entries and generate highly customizable invoices

# PRACTICE

## Case & Matter Management

Manage all corporate matters and litigation cases with AI-powered efficiency in a smart, agile workspace. Collaborate with internal and external stakeholders, track legal deadlines, and automate reminders via email or notifications—ensuring nothing gets missed.

- Smart risk assessment, compliance checks, and clause analysis – powered by Lexa
- Automate legal deadlines and send reminders via emails and notifications.
- Eliminate Repeated Tasks, and Redundancies
- Seamless collaboration with teams, clients, and external advisors
- Automated workflows to streamline litigation and corporate matters

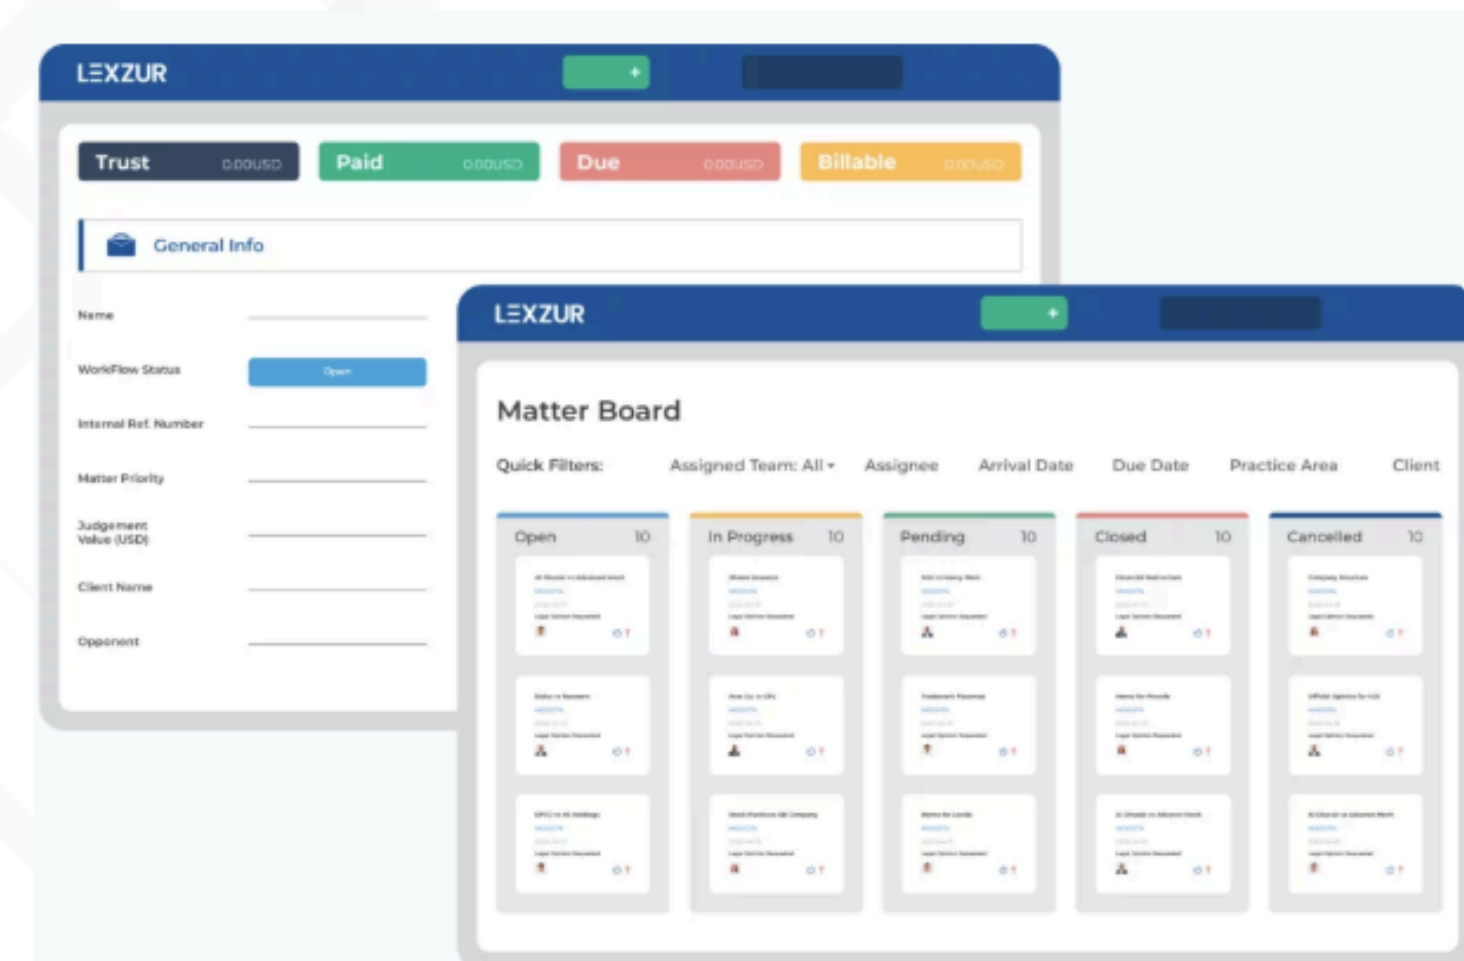

# PRACTICE

LEXZUR

## Client Intake

Manage all clients in an easy, searchable database with AI-enhanced data insights. Link related matters, tasks, expenses, and legal documents to specific companies or contacts, including leads, partners, and external collaborators.

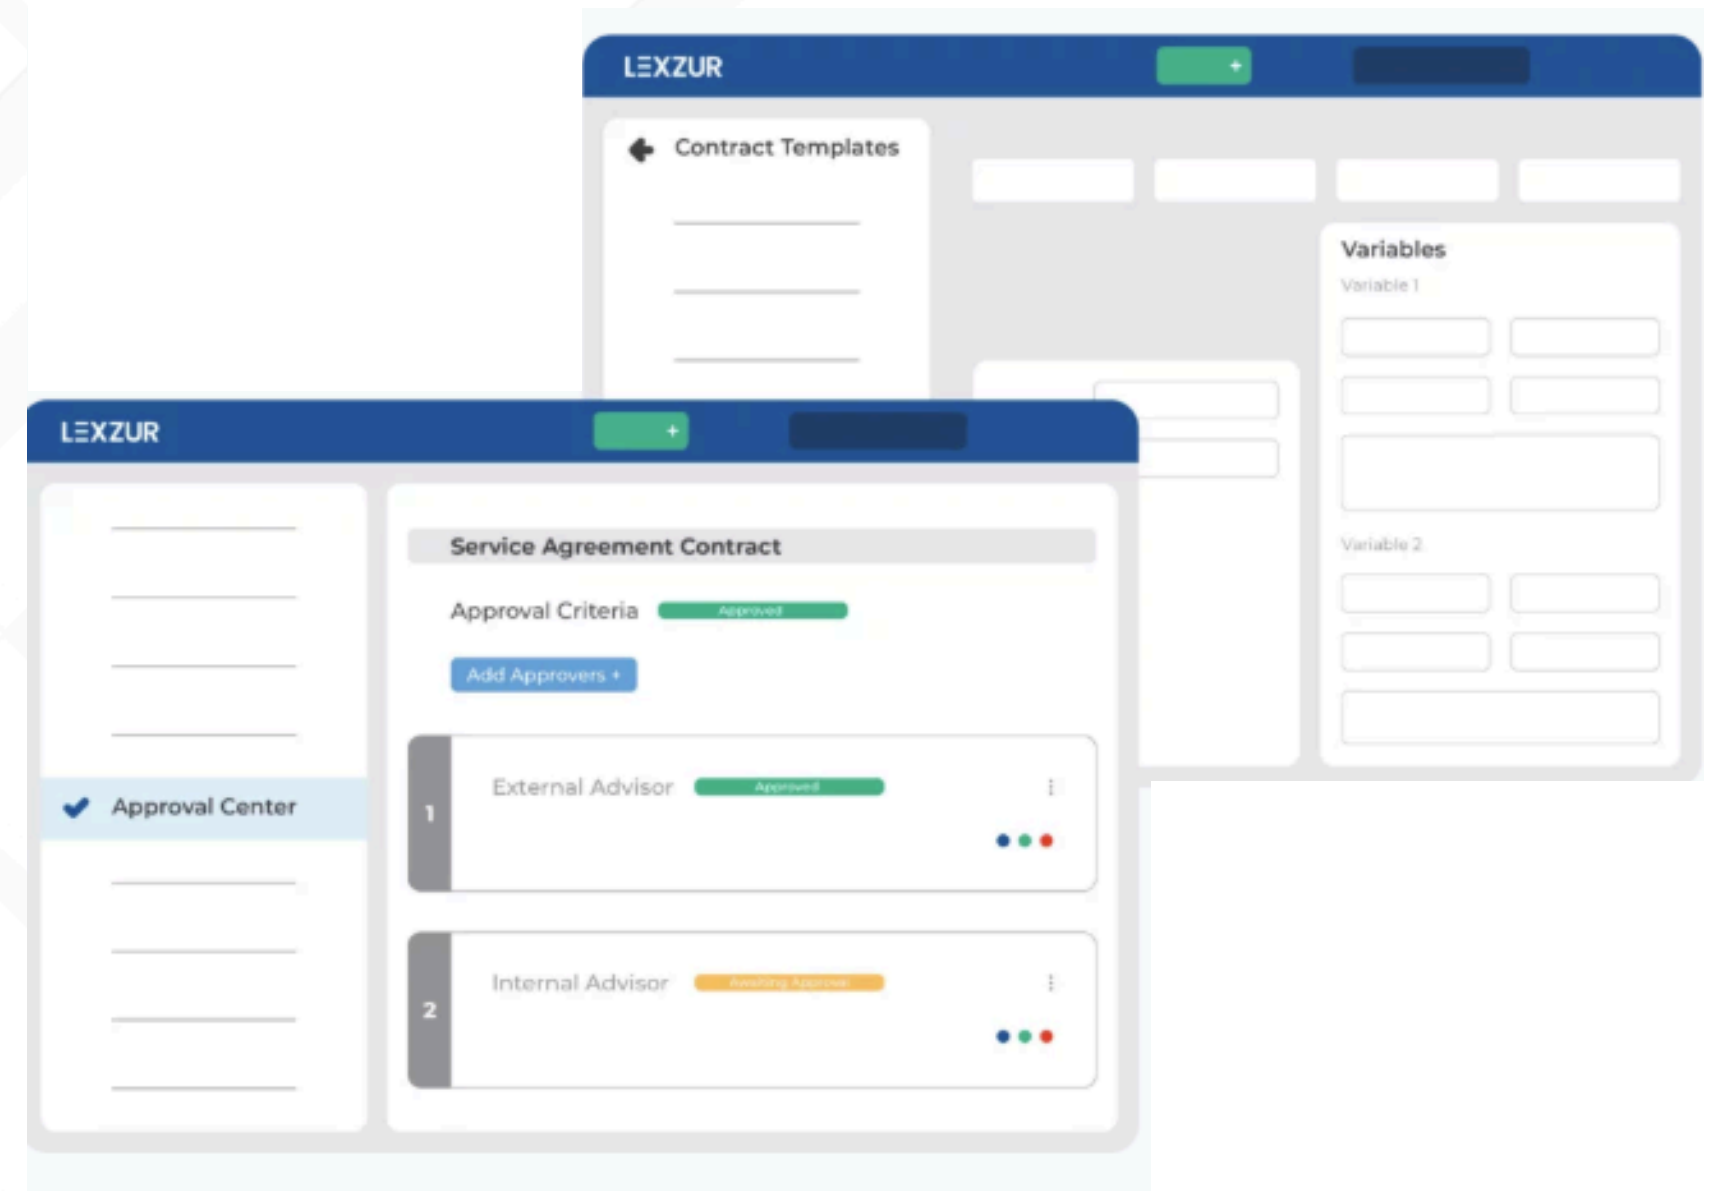

- AI client profiling and risk identification - Powered by Lexa
- Automated categorization, filtering, and data extraction
- Configurable client-specific automation for a seamless intake process
- Facilitate & Speed up Client Intake

## Task & Workflow Automation

Increase compliance and efficiency with AI-assisted workflow automation—eliminating redundancies, optimizing processes, and providing full visibility across legal teams.

- AI-driven process monitoring to detect errors and ensure compliance
- Regain valuable time, automate repetitive tasks & eliminate bottlenecks and human errors
- Streamline operations with configurable, intelligent workflows

# PRACTICE

## Dashboards & Custom Metrics

Generate reports & KPIs and track custom metrics on single-view dashboards illustrating progress on all fronts including; productivity, finances, and virtually any custom metric users wish to track. Monitor closely and make better tactical and strategic business decisions.

- Generate custom KPIs and track progress on a single-view dashboard.
- Monitor team performance, legal expenses, and productivity in real time.
- Create custom dashboards for data-driven strategic decision-making.

### And with Lexzur BI, gain deeper insights:

- Real-time analytics for corporate matters, SLAs, and contracts.
- Predict trends and optimize resources with AI-driven forecasts.
- Proactively detect risks to ensure compliance.

## Time Billing & Accounting

Track time and manage all transactions with a powerful billing module that allows users to create time entries, generate highly customizable electronic invoices, process payments, perform bank reconciliation, measure performance, integrate with other accounting apps and more.

- Automate Invoice Generation with Custom Values, Rules, and Regulations
- Create & Track Time Logs with an embedded timer; billable & non-billable.
- Manage Trust Accounts

## Some of our Success Stories

### Al Sharif Law Firm

Legal Services

Riyadh, Saudi Arabia

Al Sharif Law Firm enhanced efficiency and visibility by implementing Lexzur's customized solutions, which streamlined billing, project management, and reduced paper usage through electronic invoicing. The firm gained real-time insights into work distribution, boosting overall operational efficiency.

*"Lexzur was the only product we found that allowed customization without many restraints, which worked for our firm."*

### Emirates NBD

Banking and Finance

Middle East

Emirates NBD, a major GCC bank, improved visibility and control of its legal operations by adopting Lexzur, which centralized documents, cases, and workflows in a secure platform. Integrating with Outlook and offering a customer portal, Lexzur streamlined communication and provided real-time updates, enhancing efficiency and reporting, ultimately driving legal and business success.

*Lexzur proves how investing in the right legal software would help in-house legal departments achieve a higher proficiency level faster than before, and how that allows them to be better contributors to business success.*

### REACH Digital Health

Nonprofit Digital Health

Africa and Europe

Reach Digital Health, a global nonprofit, boosted workflow efficiency and compliance by adopting Lexzur under the leadership of Taryn Hinton. Lexzur improved project oversight, automated deadline reminders, and enhanced team accountability, driving significant operational improvements.

*"With lexzur, we gained 360-degree visibility, ensuring compliance and allowing us to focus on our mission to improve global health."*

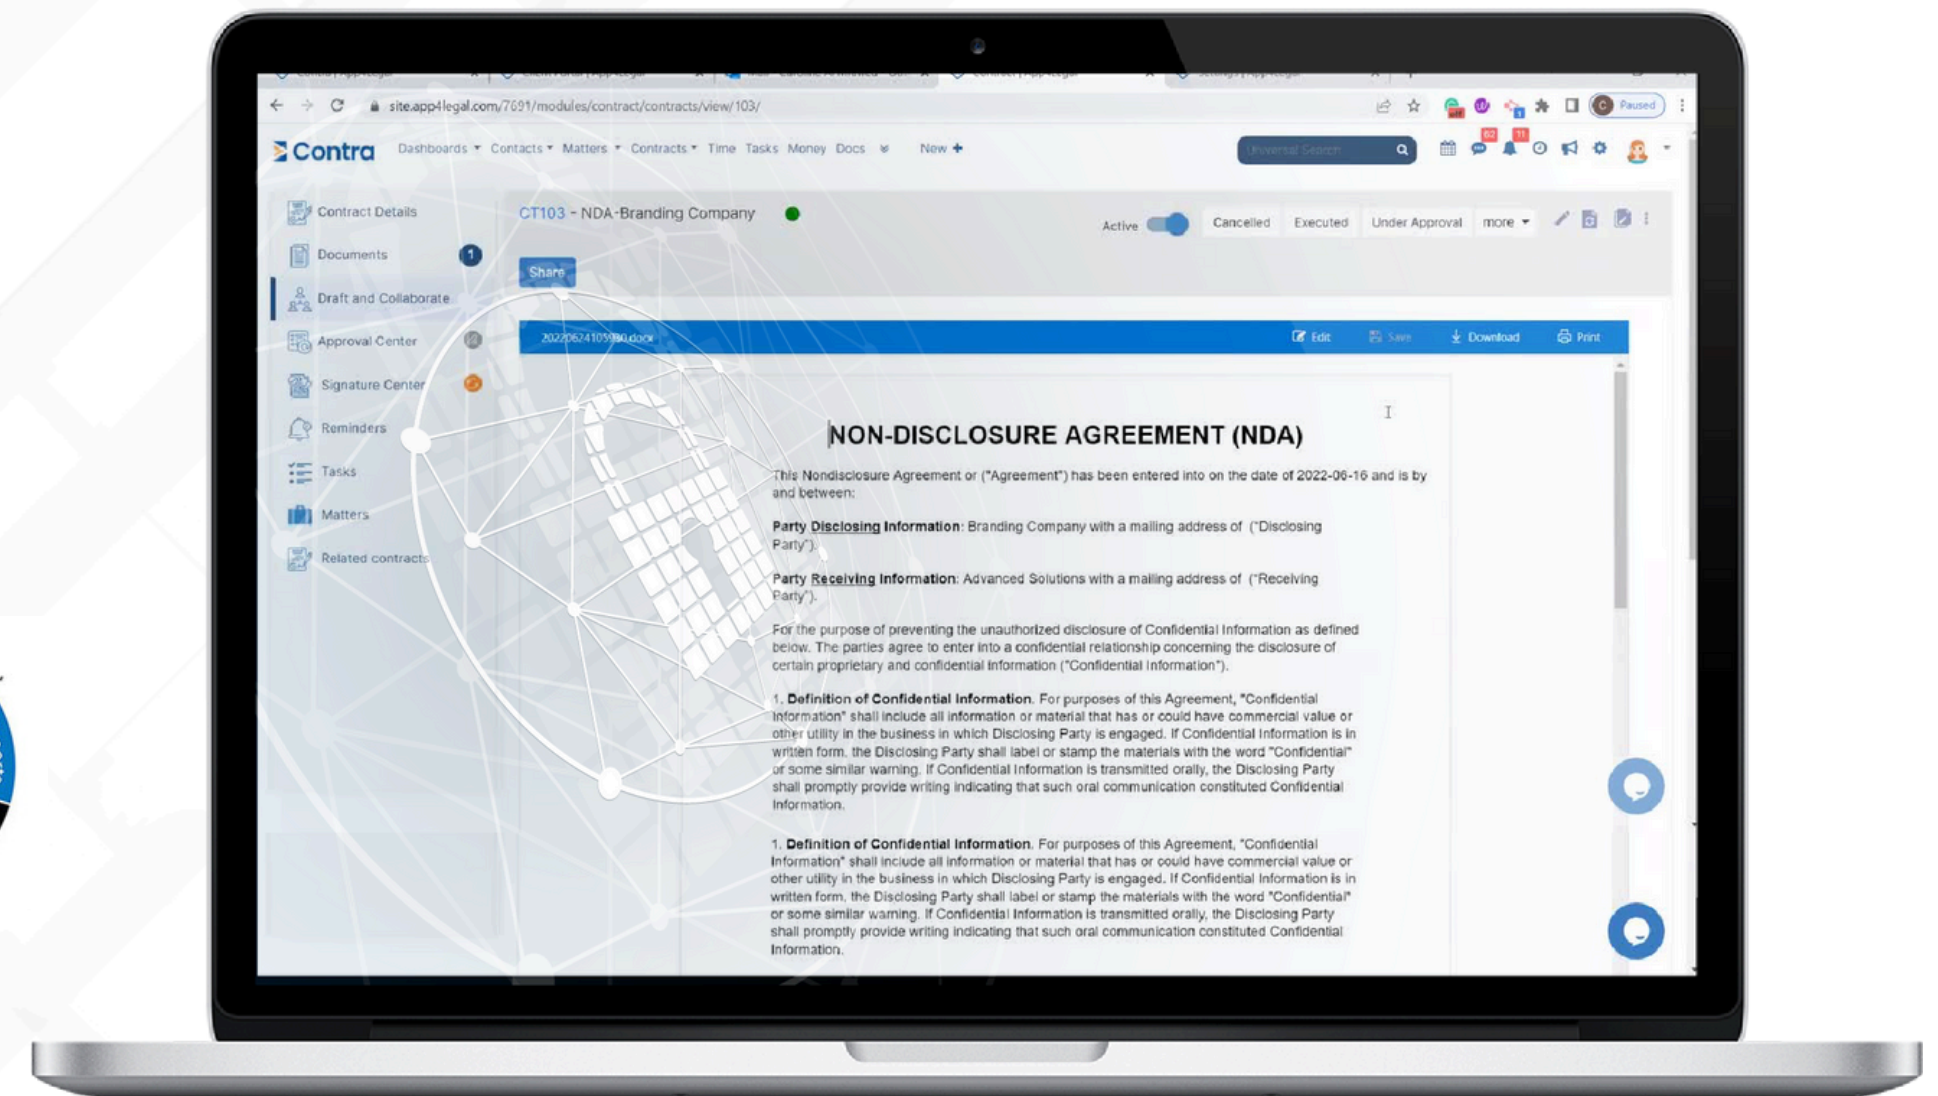

# Certified and Secure

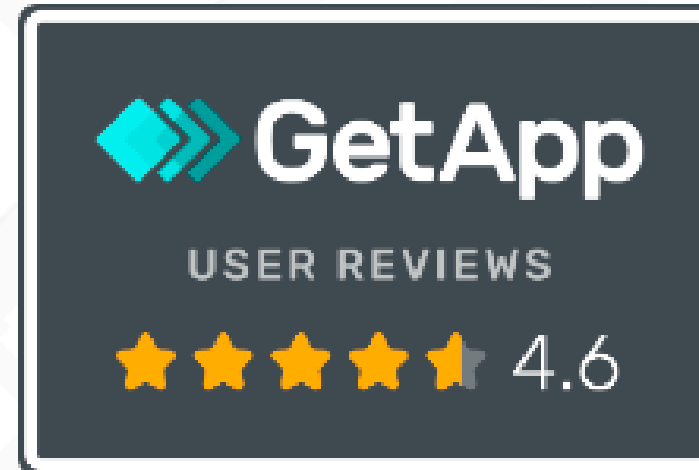

Lexzur complies with the highest industry standards, including ISO, GDPR, PIPEDA, and SOC 2 Type 1 & 2, prioritizing robust data security for all users.

ISO/IEC  
27001  
Certified

**The most comprehensive & highest rated  
legal-tech software, internationally**
